

My Church Survey - Consolidated Report

For All Organizations, Report printed on 27 March, 2021 10:10 AM

About This Report

This report is a thinking and discussion tool for leaders interested in enhancing the level of spiritual commitment and/or engagement in the church family. The goal is to give you a yardstick by which you can compare the average input provided by people you invited to 'My Church Survey' compared with the average benchmark data we collected from people who have a strong relationship with God and/or the church.

On pages 3,4, and 5 you will see the survey statements. You will note 11 statements in the **red text**. These reflect spiritual indicators of relationship with God. 13 Statements in **black text** are engagement indicators. These reflect relationships within the church family. Further, the 24 statements are in 4 categories: Receive, Give, Belong, and Grow. These categories highlight the **4 steps to church engagement** based on insight gained from the book, "Growing an Engaged Church."

This report uses the (% Gap) which reflects how the survey respondents' average input is better or below average benchmark data collected from people who have a strong relationship with God and/or the church. For more about this church congregational engagement please see www.NoMoreOverload.com/ec

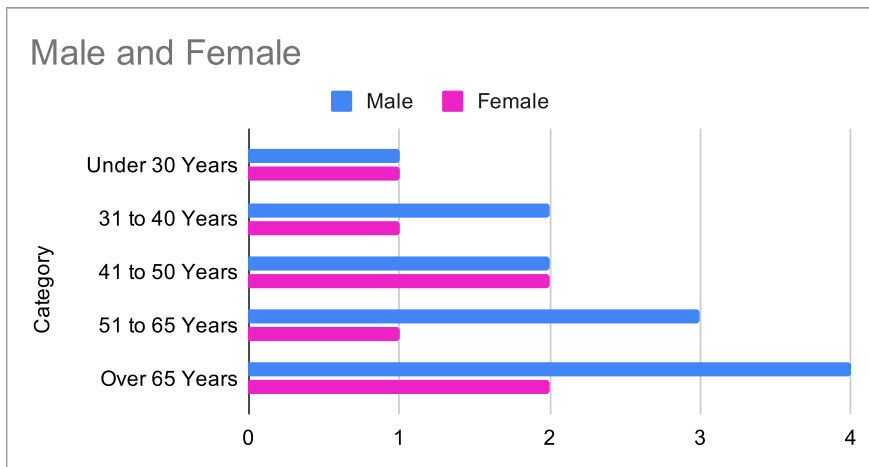

Report Content:

Page 1 is a high-level graphical summary in two bar graphs supported by details in the following pages.

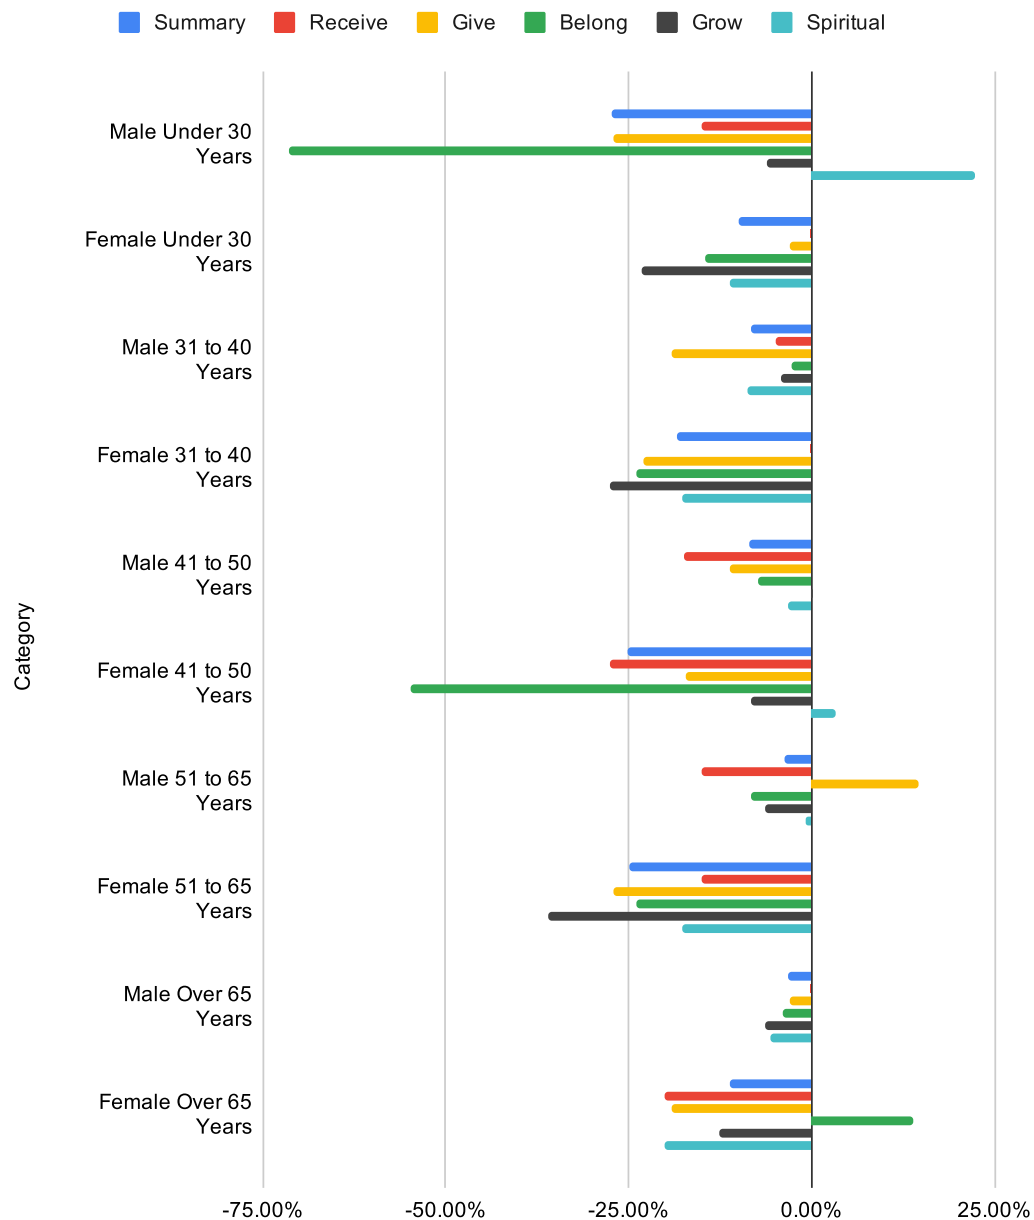

Page 2 provides a table summarizing the % Gap by gender and by age bracket in each engagement step plus spiritual indicators.

Page 3 details the % Gap for all respondents for each of the 24 Engagement Statements.

Pages 4 & 5 details the same data as page 3 segregated by gender.
